IN THE CLAIMS

Please amend the claims as follows:

- 1 (previously amended) A method for providing incentive award information to a customer,
 2 said method comprising:
 3 obtaining customer information of a customer from an input device;
- transmitting said customer information to a remotely located host computer,
 wherein said host computer locates incentive award information associated with said
 customer information;
- in response to the receipt of a scanned product code at said input device, transmitting said scanned product code from said input device to said host computer;
 - determining within said host computer whether or not an immediate purchase of a product associated with said scanned product code qualifies said customer for an award based on said located incentive award information;
 - in a determination that an immediate purchase of a product associated with said scanned product code qualifies said customer for an award, transmitting information related to an opportunity for receiving said award from said host computer to said input device and displaying said information related to said opportunity for receiving said award on said input device.
 - 2. (currently amended) The method of Claim 1, wherein said method further includes
- in a determination that an immediate purchase of a product associated with said scanned product code does not qualify said customer for an award, determining whether

or not an immediate purchase of said product places said customer within a predetermined range to win said award; and

in a determination that an immediate purchase of said product places said customer within a predetermined range to receive said award, transmitting information related to said predetermined range to receive said award from said host computer to said input device, and displaying said information related to said predetermined range to receive said award on said input device.

- 3. (previously amended) The method of Claim 2, wherein said method further includes receiving a confirmation of a purchase of said product at said input device.
- 4. (previously amended) The method of Claim 3, wherein said method further includes updating said incentive award information within said host computer only after the receipt of said purchase confirmation.

means for transmitting said customer information to a remotely located host computer, wherein said host computer locates incentive award information associated with said customer information;

in response to the receipt of a scanned product code at said input device, means for transmitting said scanned product code from said input device to said host computer;

means within said host computer for determining whether or not an immediate purchase of a product associated with said scanned product code qualifies said customer for an award based on said located incentive award information;

in a determination that an immediate purchase of a product associated with said scanned product code qualifies said customer for an award, means for transmitting information related to an opportunity for receiving said award from said host computer to said input device and means for displaying said information related to said opportunity for receiving said award on said input device.

11. (currently amended) The system of Claim 10, wherein said system further includes

in a determination that an immediate purchase of a product associated with said scanned product code does not qualify said customer for an award, means for determining whether or not an immediate purchase of said product places said customer within a predetermined range to win said award; and

in a determination that an immediate purchase of said product places said customer within a predetermined range to receive said award, means for transmitting information related to said predetermined range to receive said award from said host computer to said input device, and means for displaying said information related to said predetermined range to receive said award on said input device.
